

Quality Policy

First Subsea is committed to quality excellence and the delivery of high quality, cost-effective products and services on time, every time, that meet or exceed our customers' expectations and needs. This will be achieved through vigorous innovation and the constant improvement of our business processes, with all products designed from inception with quality and safety in mind.

This commitment includes the maintenance of a practical, but comprehensive, efficient and continuously improving Quality Management System, which satisfies both the requirements of ISO 9001 and that of the clients.

This policy is approved by the undersigned and is fully supported by all levels of management within the organisation. All personnel shall be guided by the contents of the Quality Management System and no deviation from documented procedures and methods is permitted.

Managing Director

John Shaw
